HOCKEY SODA®
ENERGY

What makes **HOCKEY SODA® ENERGY** different from other energy drinks is our unique soda flavor combinations infused with functional ingredients; One of our key ingredients is L-Glutamine used for muscle recovery. Studies have shown L-Glutamine can minimize the breakdown of muscle and improve protein metabolism.

Other benefits of key ingredients found in **HOCKEY SODA® ENERGY** include:

- Minimizes breakdown of muscle
- Improves protein metabolism
- Helps protect the immune system from overtraining stress
- Reduces fatigue
- Sharpens perceptions
- Reduces appetite
- Relieves muscle tension
