PORTER

Porter is a testament to roasted malts which give it a rich, bittersweet, and roasted coffee-like flavor that's a perfect complement to a variety of foods.

YEAR ROUND
PORTER

Porters were invented as a fortifying drink for the rough-and-tumble working class of London's bustling markets. It was brewed for good folks with calluses on their hands, doing work that needed to be done. We salute those working-class heroes with our classic Porter, brewed in the hop-forward American style and featuring a depth of malt flavor and complexity with roasted notes of black coffee and cocoa.

Alcohol Content: 5.6% by volume
