BOURBON BARREL QUAD

Bourbon Barrel Quad is based loosely on our Smokestack Series' Sixth Glass. After primary fermentation, this abbey-style quadrupel is placed into a number of oak bourbon barrels, where it ages for varying lengths of time. Additionally, some of these barrels receive an infusion of tart Oregon cherries. Carefully selected barrels are then blended before bottling. The effect of barrel aging on this warming, full-bodied brew is quite remarkable: the cherry characteristics become much more subtle, while toffee and vanilla notes come to the fore. A lingering trace of bourbon aroma enlivens the plummy, estery nose.

This massive beer stands well on its own, or as a digestif to be savored after a meal.
