ANCHOR CALIFORNIA LAGER®

California's First Genuine Lager Reborn

Anchor Steam's® roots go back to the Gold Rush, long before icehouses and modern refrigeration made traditional lagers a viable California option. In 1876, thanks to an ice pond in the mountains and a belief that anything is possible in the Golden State, a little brewery named Boca created California's first genuine lager. In 2013, Anchor California Lager® was introduced as our recreation of this historic beer.

APPEARANCE Deep gold color, tight white head with tiny bubbles.

AROMA Fresh, lager yeast aromas, followed by light citrus, herbal, and floral hoppiness.

TASTE Crisp and refreshing. Perfectly balanced by our cluster hop varieties.

MOUTHFEEL Smooth with an effervescent bite from the natural kräusening process.

FINISH Slightly dry back-end bitterness, balanced by a hint of sweetness.

The New York Times
ranked Anchor California
Lager as one of the top
Lagers in America!*

ANCHOR BREWING

SAN FRANCISCO

OUR LAND. OUR BEER.

California Ingredients

Made in San Francisco with 2-row California barley, Cluster hops the premier hop in 19th-century California, and our own lager yeast.

NY Times Ranked California Lager as One of the Top American Lagers

Its golden color, distinctive aroma, creamy head, balanced depth of flavor, and smooth finish delivers a richer taste.

Supporting Our Parks

A portion of the proceeds for each purchase will be donated to the California State Parks Foundation and National Parks from our Anchor Brewing Parks Fund.
